Rules and Guidelines

Mission: Our mission is to create a viable market for locally grown and crafted products in order to promote and educate about agricultural, environmental, economic, and community sustainability.

Guiding Principles: Goshen Farmers Market strives to be a local growers' market. Farmers may sell produce and value-added food items procured from other producers, so long as those items were grown or made within 150 miles of Goshen Farmers Market.

Vendors may sell only the following items:

- a. Farm Produce
- b. Flowers and Plants
- c. Ready-to-eat Foods
- d. Processed for value added foods
- e. Artisan items
- f. Specialized goods or services which are consistent with the Market's goals and mission.

The following criteria is used to set booth priorities:

- Food vendors (especially local farmers) will be given priority over non-food vendors.
- Long term, committed vendors.
- Vendors whose offerings increase the variety of goods and services.

The Goshen Farmers Market desires to foster an environment of collaboration. We encourage vendors to offer comparative rather than competitive pricing when selling similar products. We encourage vendors to differentiate their offerings whenever possible and recommend vendors periodically change up their booth displays, or product selection to maintain vibrancy.
